

SCUDERIA TRICOLORE

The Terre di Canossa International Classic Car Challenge takes place along the Italian military roads. Held on the 14-17 April, the classic car challenge pitches some 70 vehicles against one another in a test of reliability and time. Starting at Reggio Emilia, the event will then visit La Spezia and Parma over 550km, with one notable driving challenge taking place at a naval base and military arsenal. Organiser Luigi Orlandini (above left) explained to CCW: "This tour is open to any cars produced between 1919 and 1975." DP
